“ John Moragues was a kind man. He advocated for my entrance in the Master's program at Newman. I hope I didn't let him down, I'm still a social worker and love what I do! I appreciated his humor and kind spirit. I look back fondly on the time I spent in the program he helped to build. I still have some of his quotes in my head. Thank you professor!

“ Every single conversation I had with John always began with a cheerful, warm and welcoming greeting, and always ended with John wishing me success and an offer to help anytime. I've only known John for two years, and yet it seems like a lifetime. He was one of my good friends at Catholic Charities Fort Worth, and so very dedicated to helping his students in the Rural Vocation program. He loved bragging about them and sharing their accomplishments and individual goals they achieved. I will miss John's positivity, his good humor, his sincerity, passion for helping others, and most of all his endearing friendship. I regret never hearing him play the drums, and always enjoyed hearing about his love for music. Blessings, peace and comfort to all of John's family and friends who loved him and will miss him so much! We were so fortunate that John was a part of our lives.

“ For almost 50 years our families have grown together, through joys and sorrows, births and deaths, serious concerns and out right foolishness. Through it all we could always count on John, ready with his loving understanding, served up with a generous portion of his quick wit. You were as close as a brother dear friend. See you on the other side.

“ John was an integral part of the expansion of the Catholic Charities Rural Vocation program to the NCTC campus in Gainesville. John had a true servant's heart. He loved the students he case managed and mentored. Their successes were his successes. John's office door was always open for his students.

Everyone at Catholic Charities who was honored to know John loved him! John's peers and team are deeply saddened by his passing. We take comfort in 2 Timothy 4:7-8.

I have fought the good fight, I have finished the course, I have kept the faith; in the future there is reserved for me the crown of righteousness, which the Lord, the righteous Judge, will award to me on that day; and not only to me, but also to all who have loved His appearing.

Well done good and faithful servant!

“ Because of John I am an LCSW. He met with me when I first moved to Colorado Springs and helped me navigate getting into Newman and getting credit for my previous classes. He was my advisor and my friend. He was always a joy and had a great sense of humor. He helped me through a difficult times and was always so compassionate. I am without words. I want his family and friends to know how blessed I am to have known him.

“ We met John only a few years ago but we found him to be warm and welcoming. It was immediately obvious that he loved his family dearly. He was happy when surrounded by those he loved and those who loved him. We pray for the peace and comfort that only God can give.

“ We have been blessed by John and Dena's friendship for more than forty years. Loving memories of John now bridge the space between gratitude and sorrow, as we can say that we have been forever changed by the witness of his life. John's devotion to his family, his steadfast faith and his ever-welcoming spirit blessed our world with an amazing grace.

“ Heaven got a good one in John. He taught me a lot as a budding social worker and provided several opportunities in my career that helped me get to where I am. "God willing and a creek don't rise" is a phrase he said often and I think of it and chuckle . He will be missed.

“ Honestly, I didn't know John very well. However, this godsent man gave me a chance when I didn't have anywhere else to go. When I was 18, I was going through nursing school. I really didn't have the funds for it despite working one full time and one part time job. My parents' made too much for me to qualify for most grants. I heard about this catholic charities program and I decided to apply for it despite getting refused from most other financial help programs. I was introduced to John Moragues and little did I know that this man would continue to go to the wall for me. I didn't qualify for the catholic charities program as I was still living with my parents and both made too much money (I have four brothers and my parents are tied up with their own financial status to be paying for my education), but John set up an interview with his regional supervisor and I. In the end I became an exception within the program. From financial advise to just general life advice, John gave me many tools I needed to succeed in life. I just crossed my 2 year mark as a nurse in September and will be forever grateful to John. God bless this heavenly man and his family.
